There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The Wash Boiler.
A faucet on the wash boiler is said to be an excellent thing. Instead of lifting out the clothes after boiling them open the faucet and let the boiling suds drain into a tub or pail. The clothes may be more easily removed to the rinsing tub after the boiling water has been drawn off. A plumber will be able to fit a faucet to a boiler at small expense.

Lavish living is an American trait that leads to unnecessary and even criminal food waste.

WILL POWER.

Tenacity of will, or willfulness, lies at the root of all courage, but courage can rise into true manliness only when the will is surrendered, and the more absolute the surrender of the will the more perfect will be the temper of our courage and the strength of our manliness.
